GERMANS REACH CITY OF BRUSSELS

After Fighting Against Odds Belgians Will Stand at Antwerp.

IS IN STATE OF SIEGE

Allies Concentrating Great Army to Meet Onslaught of Invaders—Closely Censored Dispatches.

Brussels has fallen, and Antwerp is in a state of siege.

Cables from Rotterdam declare that the main German army has occupied the former Belgian capital and that the defense of the seaport has begun.

Sharp fighting is reported between the cavalry outposts of the opposing armies, while the bulk of the invading forces is swinging toward the south and west to assault the French and British allies in pursuance of the real object of the advance—a pathway across the French frontier.

The gallant defense of the Belgians against the crushing power of the German advance has been turned to defend Antwerp, the second strongest fortified city of Europe.

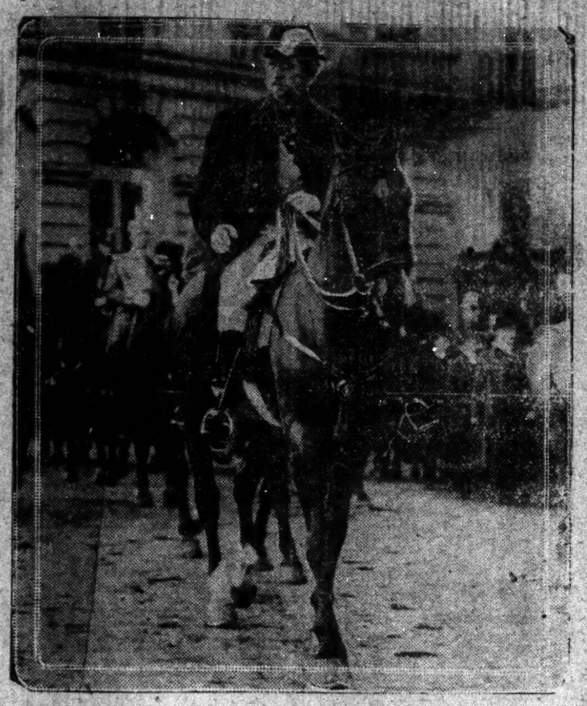
Along the banks of the Meuse south of Brussels it is expected the French and British allies will meet the Kaiser's army of the Meuse and the armies of the Moselle.

In Alsace the Germans are reported falling back on Strassburg.

In Lorraine a great German force opposes the French advance on Metz.

To the fact that not a single shot was fired in defense of Brussels by the Belgians, and that the civic guard was disarmed before the invaders reached the capital, is due the salvation of the city itself. The German commander is understood to have pledged himself, so long as his orders are obeyed, to protect the city with its many beautiful and historic buildings.

KING WHO HEADED HIS ARMY.



(Photo Copyrighted Intl. News Service. Service by Universal P. C. Service.

King Albert of Belgium, who, at the head of his army, put up a brave defense against the advancing Germans, who had invaded Belgium.

Until the present crisis King Albert was but little known. Before he ascended the throne of Belgium he spent much time in traveling, having visited the United States several years ago and having made a tour of the world.

He is a keen student, an author, engineer and aviator At one time he acted as a regular reporter on a Belgian newspaper, taking his assignments the same as the other men and covering all sorts of stories.

The young King is not yet 40 years of age. He was a nephew of King Leopold, who died in December, 1909. He married Duchess Elizabeth, of Bavaria, in 1900, and they have two sons. Prince Leopold, born in 1901, and Prince Charles, born in 1903, and one daughter, Princess Marie Jose, born in 1906.

King Albert's father was Prince Phillipe, Count of Flanders, and his mother was Princess Marie, of Hohenzollern. Thus King Albert is related to the Kaiser ,whose army he has been fighting.

SUN IN ECLIPSE TODAY.

Phenomenon Was Only Partially Visible in Alexandria.

The most interesting eclipse of the of the sun of the year was partially visible in this city just as the sun rose this morning. The eclipse cast total darkness over a strip of Russia, part of Scandinavia, Asia Minor, Persia and India.

The breadth of the umbria is 85 miles and the sun appeared totally eclipsed in a path only that wide. The partial eclipse in the United States was seen in Minnesota, Illinois, Indiana, and astronomers estimate that Washington is the point farthest South where the sun's disk appeared partially covered by the moon.

All of Europe and a portion of Africa and Asia also fell within the partial eclipse. The total eclipse is similar to nightfall, and at the twilight the temperature falls slightly and birds return to their nests.

The eclipse was caused by the moon coming between the sun and the earth at such an angle that the sun is wholly obscured from a part of the earth and shut off from a much greater area.

SUICIDE FROM DESPONDENCY.

Samuel Anderson, of South Richmond, Ends Life in Chesterfield County.

Richmond, August 21.—Dspondent because of the loss of a position he had long held. Samuel Anderson, 30 years old, of South Richmond, ended his life by firing two pistol bullets through his head and body in a field near the Nine Mile road, Chesterfield county. The body was discovered by a farmer yesterday.

Anderson disappeared from his home Monday morning and it is probable that he ended his life the same day. He left his watch and other personal possessions at home.

Anderson was until recently employed at the Richmond Cedar Works and the loss of his job at that plant led him to commit suicide.

JAPANS AWAITS GERMAN REPLY

Island Kingdom Ready to Strike if Her Ultimatum Is Defied.

REALIZES HER TASK

Only a Complete Backdown by Kaiser Can Prevent Hostilities—Expects William's Refusal.

Tokyo, August 21—Only a complete backdown by the Kaiser can prevent hostilities at Kiachow. The ultimatum expires on Sunday. That Germany will consent to turn her territory over to Japan, or even to China, and to dismantle her warships in the Orient, is considered very unlikely. So certain are Japanese officials that the decision at Berlin will be for war that a fleet is already waiting near the Shantung Peninsula for wireless orders. Troops are also on transports, but the government prohibits any information as to their location or their number.

According to a dispatch from Berlin, the German government is making extensive preparations in Kiachow to repel the attacks of Japan, in case the countries clash on the former Chinese territory.

Japanese officials believe the German warships in the East will attempt to damage the Japanese fleet at long range while remaining under the protection of the German land forts as much as possible. There is no disposition on the part of the Japanese officials to minimize the task ahead. The Kachov forts are modern and are equipped with magnificent artillery, the latest product of the big Krupp factories.

WARNING AGAINST UNBOILED WATER

The Alexandria Health Department issued a warning today to the people of Alexandria not to use the city water for drinking purposes without first having it boiled. The large number of typhoid fever cases in the city is said to be responsible for the warning.

The department declares that 15 cases of typhoid have been reported by the physicians of the city and that a number of cases which have not been definitely diagnosed as typhoid are supposed to be in existence.

THE WAGAR APARTMENTS.

Modern Hotel Will be Ready for Patrons by September.

That portion of the Braddock House, originally known as the Newton Hotel, is being handsomely remodeled and converted into twelve beautiful five and six room apartments, and will hereafter be known as The Wagar Apartments. These apartments will have all modern improvements, up to date bath rooms, modern heating plant with attractive radiators has been installed; beautiful high ceiling rooms; attractive kitchens with gas ranges, stationary laundry trays with hot and cold water; gas and electric lighting fixtures; first class service given all tenants, janitor service night and day. The owners of "The Wagar" have for several months past been converting the old hotel into an up to date apartment house, and expect to have the same sufficiently completed to commence renting apartments between September 1st and 15th.

The old hotel lobby or office has been converted into a large and very handsome office room and is now ready for occupancy by anyone desiring to rent the same. Several of the apartments have also been completed and will be ready to rent on date stated herein. What was originally the hotel dining room, has been converted into a beautiful assembly or banquet hall, with culinary apartments adjoining, and will no doubt be the scene of a great deal of gayety during the coming winter months by the various organizations of the city.

The owners of The Wagar have gone to a large expense in improving this proprty and should be encouraged by our citizens, for nothing will be left undone to make The Wagar one of the most attractive apartment houses in the city. The final improvements on this property which means the completing of the remaining six apartments with six rooms and bath each, and which will be larger and more elaborate than those now completed, also improvements to the surrounding grounds, will probably not be fully completed before next spring, enough however, will be accomplished to warrant the owners in opening the apartment by not later than September 15th, when at last half of the apartments will be ready for occupancy by those desiring to rent same.

In putting this apartment before the public the management of The Wagar desires to state that the corner building, now being converted into apartments, was originally the old Newton Hotel, the rooms of which have never been used for other than hotel purposes. This hotel was in existence years before the lawn in front of the historic Carlyle House, was built upon

Monroe and Marbury, real estate agents, of this city, will have full charge and management of The Wagar Aparments and will see that nothing is left undone to give its patrons every accommodation found in a first class apartment. Their advertisement can be seen else where in the Gazette.

A most delightful outing was given the children from the Alexandria Children's Home yesterday, when they were the guests of Professor and Mrs. E. F. Andrews, on Seminary Hill. Through the courtesy of Messrs. Hymel and Eggborn the children were taken out in automobiles and brought back again in the afternoon after a glorious day of pleasure.

PIUS THE TENTH LYING IN STATE

Rich and Poor Pay Tribute at His Bier Today According to Wishes.

BODY IS IN ST. PETER'S

Thirty Cardinals, 25 of Whom Are Italians, Already in Rome for Conclave to Elect Successor.

Rome, August 21.—Humble in life, Pope Pius X remains humble in death. His last thoughts were of the poor, and today thousands are passing before his bier paying final homage to the simple peasant who rose to the Fisherman's Throne.

At 9 o'clock today the body of the late Pontiff was removed from the Vatican throne room to the chapel of the Sacrament in St. Peter's.

The deceased said he did not wish his body to remain in state in the throne room for three days, as tradition required for exclusive visits of the privileged clases, nobility, diplomats, and cardinals. It was his desire that his body should be exposed immediately in St. Peter's to the rich and poor alike.

The solemn ceremonies, which will end ten days hence with the burial of the body of Pope Pius X and the assembling of the conclave of cardinals to choose his successor, began yesterday evening at 6 o'clock, just twenty-four hours after his death.

At that time the Franciscan "confessors," who had remained praying at the bedside continuously since his death, reverently carried the body to another chamber o fthe Vatican, where the pontifical viscera, which, enclosed in a plain terra-cotta urn, will repose under the high altar of St. Peter s, where repose the remains of St. Peter himself. Subsequently the body was embalmed and attired by the Franciscans. There is a white lace cassock with a white sash, over which is the red cape trimmed with ermine. Upon the feet are red papal shoes and on the head the red papal cap. Later were added the full pontifical robes and emblems of office, the gloves, ring and mitre of gold.

Rome, Italy, August 21.—Cardinals Ferrata and Moffi are regarded as the most likely candidates to succeed the late Pope Pius X.

Other candidates mentioned are Cardinals De Lal, Agliardi, Pompili and Serfini,, the last-named ex-nuncio of Mexico.

Cardinal Gibbons is also regarded as a candidate.

Discussing the quesion of a successor to the late Pope, Rev. John J. Wayne, editor of the Catholic Encyclopedia, declares that he would not be surprised if the honor fell to Cardinal Gibbosn.

STRUCK WITH A STONE.

Colored Man Stunned in an Encounter With One of His Race.

A difficulty took place Wednesday in northwestern section of the city between Harry Carter and Henry Johnson, both colored, which resulted in Johnson being struck on the left side of the head by Carter, who used a brick as a missile. Carter was arrested and the case came before the Police Court this morning.

Johnson stated that Carter met him in the street and began the assault by picking up a stone for the purpose of striking him, Johnson said he took the stone from Carter and held him until he promised he would not make any further attack upon him. Upon being released, however, Carter picked up another missile and hurled it at Johnson. It struck him on left side of the head, lacerating his ear and knocking him senseless. While in that condition Carter continued the attack.

Carter in his defense alleged Johnson attacked him first, and that he acted in self-defense. Justice Caton fined the accused $20.

NEWS OF THE DAY.

Jewels of the value of $80,000 have been stolen from the apartment of Mrs. Ferris Thompson, of New York, in the Hotel Particular, in the Avenue du Bois de Boulogne, Paris.

Forty British and American workmen were killed yesterday in the collapse of the new concrete custom house at Celba, Honduras, according to a dispatch to the State Department.

The following dispatch was received from Prince Rupert, British Columbia, late yesterday. "All ports have been notified by the Hon. J. D. Hazen, Canadian Minister of Marine, of the near approach of a German warship, stated to be coming to coal. Authorities have been notified not to give aid to the enemy, even under threat of bombardment of the city."

A dispatch to the Havas Agency from Naples says that a bomb thrown yesterday at the first-class compartment of a train bound for Rome exploded and injured ten passengers. Cardinal Vannutelli was in Naples when he received the message from Cardinal Merry del Val announcing the grave condition of the Pope and took the train for Rome, at which the bomb was thrown, but was not injured.

NEWS OF THE DAY

Grand Trunk Pacific officials received a report late yesterday afternoon that the German cruiser Nurnberg entered the harbor of Prince Rupert, B. C., filled her bunkers with coal from the Grand Trunk Pacific Railway's supply, took all the gold in the banks there and quietly sailed away. A wireless message has been received at Vancouver ordering the Rainbow and one of the submarines to Prince Rupert.

Policeman Crowne was walking along the edge of the Tidal Basin, Washington, yesterday afternoon when he saw a man's coat and a raised umbrella on the bank. Then he noticed a straw hat floating in the water. Crown notified the Harbor precinct. A police boat, after an hour's dragging, found the body of Samuel L. Willett, a retired merchant, of 36 Q street, northeast. It was supposed that Mr. Willett, a fisherman, had been fishing and either was overcome by the heat or fell into the water in an attempt to recover his hat. Mr. Willett was 48 years old and in good health.

Most signifiiant of yesterday's developments in the European situation was the inquiry of the Chinese government of the United States whether the latter would undertake the trusteeship of the territory of Kiachau, transferring it immediately to China from Germany, China's inquiry was understood to have been based on an acquiescence of Germany in such a plan, hoping thereby to avert a war with Japan. The President has scrupulously avoided thus far involving the United States in any way in the situation, and there is every indication that this attitude will be strictly maintained.

Five persons were killed, 7 seriously injured, and 25 others less dangerously hurt yesterday at Wilkes-Barre, Pa., when a severe electrical storm, approaching a cyclone in force, swept the southern section, known as the Heights, and part of Wilkes-Barre's township. Between 30 and 40 houses and other buildings were wrenched and made uninhabitable. The Hillside Congregational Church was moved off its foundation. The storm broke over the valley late in the afternoon, and for an hour terrific thunder and lightning accompanied a fall of rain that approached a cloudburst. The cyclone cam without warning and abated just as suddenly.

EX-CONFEDERATE ON PROHIBITION

Veteran Alleges Propagators Claim Monopoly of Civic Righteousness.

BUYERS AND SELLERS

Says if Men Were Prepared, Real Prohibition Would Come Without Aid of Proposed Laws.

Richmond, Aug. 21.—Some new phases of the debate now going on in the State over the question of State-wide prohibition, to be settled at the polls on September 22, are given in a letter from S. V. Watkins, of Wakefield, who, under date August 18, outlines what he describes as "the insincerity of State-wide prohibition." Mr. Watkins specially objects to the attitude of ardent Statewiders in their persistent classification of all advocates of local option as favoring the liquor traffic. As a friend of true temperance, and as a Confederate veteran of distinguished service, Mr. Watkins asserts that he contended during the war as he contends now for the principle of local self-government—home rule.

He says:

"Inasmuch as by a kind of perverted logical process, to wit. "You are opposed to State-wide prohibition, therefore you favor the liquor traffic with all its horrors, I am placed in a false position. I arise to explain. I will not assume the role of Sancho Panza for any modern Don Quixote, especially one entirely devoid of the sincerity of Gil Blas's creation. If in his process of separating sheep from the goats, this bunching the "beer element," our prohibition friends are assuming a monopoly of all purity of purpose in civic righteousness, they should pardon the goats for foraging in the fields of logic on their own account.

"Two absolutely necessary factors must exist in all traffic, viz. sellers and buyers. To destroy the traffic both factors must be destroyed. You put of business one class of sellers, but another class will surely arise, for just so long men will sell, legally or illegally. Yet the political prohibitionist having the same moral and legal right of interference with one as with the othre, offers immunity to the buyer whilst venting the entire force of his spleen on the seller, overlooking the fact that one party to the transaction is as guilty as the other. They propose to remove temptation from the way of the poor innocent buyer, unmindful of the temptatons through love of gain which they may place in the way of the seller."

DEPRESSING HEAT WAVE.

Heat of Yesterday Followed by Another Hot Night.

The fierce rays of the sun yesterday were dangerous, and many persons last night were about as uncomfortable as those of Wednesday, although more air was stirring this morning.

The mercury in the thermometer for the last two days has been 15 degrees and 16 degrees above its usual records, and the humidity measured 71 yesterday, when the normal for August is about 60.

For 41 hours the temperature stayed above 75 degrees day and night, giving on relief in the late evnings and early mornings, making the coolest homes much too hot for comfortable sleep.

It is not the noonday heat which does the great damage to the health and spirits of the city's people, but the sleep preventing heat of the nights. Ordinarily in August the temperature fails near 65 degrees and below, at least in the early morning hours, and gives a litle relief and chance for sleep. On Wednesday night it stayed above 78 degrees and yesterday climbed up to 86 degrees. The average temperature for yesterday was 87 degrees, The normal average for this time of year is 72 degrees.

Such normal conditions cannot last forever and the forecast for today is "cooler and probably showers"

SOCIETY

DON'T BE THIN.

No Need of Being Scrawny, Weak and Emaciated.

In these days of physical culture and health foods, one would hardly expect to see any thin, weak, emaciated people, but in spite of all this, nearly every person you meet is thin and scrawny.

Good healthy flesh can only be gained by the use of the proper food, with thorough assimilation of the fat-giving elements. Nine people out of ten in order to weigh as much as they ought and be perfectly healthy, should use Samose, the great flesh-forming food. Weigh yourself before commencing to use these little tablets, and see how your weight increases.

Samose has valuable flesh-forming and tissue-building properties, and when it is assimilated with the food, it causes the flesh-making elements to be retained and the weight is naturally increased.

Leadbeater & Sons, the popular druggists, have sold in the last few weeks a great many packages of Samose, every one with a personal guarante to refund he money if it did not give satisfaction, and has had but one person ask for the money back.

The board of trustees met the site committee last night in the rooms of the Chamber of Commerce and after the matter was thoroughly discussed it was determined to defer the selection of the site until September 3rd, when the location will be determined by a committee consisting of five members of the board of lady managers and five of the staff of physicians.

Last night's meeting was attended by twenty-four members of the board of trustees. Worth Hulfish presided and Arthur Herbert, jr., acted as secretary.

FIRE IN A HABERDASHERY

Blaze Causes Exitement on King Street—Stock of Goods Virtually Ruined

About nine o'clock last night people passing on King street, near Royal, saw a blaze in the store conducted by F. Liebenman, on the north side of the thoroughfare. The store was filled with inflammable goods, women's dresses, men's furnishings, etc.

The department responded to the alarm and was soon on the premises. The doors were kept closed in order to prevent draft, and after considerable difficulty the fire was practically extinguished, but little water being thrown into the store in the meantime.

About midnight the department was again called to the place, the fire having broken out again. Extinguishers were used on this occasion.

The stock in the store was virtually ruined, but the building suffered but little damage.

Two families live in apartments over the store, but as the fire broke out at an early hour, they happened to be out, which minimized the excitement somewhat.

The origin of the fire is a mystery. The proprietor and his wife had left the store but a few minutes before the blaze was discovered.

The building and stock was insured.

CARD OF THANKS.

The Playground Committee desire to thank the Alexandria Musical Association for the delightful concert much enjoyed by the mothers as well as the children. The Indian Guards turned out in full force last night, and gave the children on the Playground a real treat. They made a fine showing in their new uniforms, and have promised one more concert before the Playground closes on September 1st. We are much indebted to all the bands which have given pleasure to hundreds of people during the summer and proved what Alxandria can do in this line. We hope for another concert from the Holy Name Band which gave us the first concert and started the ball. We feel very grateful to Mr. Demaine for the use of his chairs during the whole season. These free concerts have helped to make the playground a perfect success.

LIQUOR DEALERS SAY BUSINESS IS POOR.

The liquor dealers of Alexandria are practically unanimous in their opinion that the booze business is unprofitable. We notice that only one firm out of forty-five made over $2,000 last year, according to income returns published a few days ago. But then these high-power cars are expensive.

DISGRACE TO CIVILIZATION.

One to desroy, is murder by the law,
And gibbets keep the lifted hand in awe;
To murder thousands takes a specious name,
War's glorious art ,and gives immortal fame.

The defense of the robber and murderer when brought before Alexander the Great is often referred to. The lone bandit could not understand why he should be regarded as an enemy of his race any more than the Macedonian. The latter killed thousands and sacked cities. The prisoner was charged with murdering and robbing one man.

Two million five hundred thousand men are now engaged in the clash of war near the famous field of Waterloo. Napoleon's army and the forces allied against him numbered 227,000.

Dead and wounded are lying everywhere as the result of the terrible carnage now in progress on a 250-mile course. Women and children are being trampled down by cavalry and in some cities shot to death in retaliation. Long lines of burning villages mark the advance of the invading armies into Belgium, while boys and old men are performing guard duty in Berlin. Germany is raising a corps composed of women to aid in crushing enemies of the country.

Estimates show that the cost of the war will approximate seventy billions of dollars.

No place is regarded as sacred by the maddened soldiers. In one instance a church on the French frontier was the scene of a terrific struggle. Machine guns were operated from the steeple until the edifice was finally destroyel.

The prefecture of police in Paris estimates that there are 600,000 persons out of work in the French capital and its suburbs or nearly one-sixth of the total population of the Department of the Seme.

Many people believe Pope Pius the Tenth died of a broken heart. He could not withstand the shock of Christendom's strife. His life was devoted to peace, and his last prayer was that the warring nations might cease the mighty conflict.

The Novoe Vremya, of St. Petersburg, yesterday contained reports of a mutiny in the Austrian army. Dispatches received by the newspaper from Kieff say that Czech residents of that city have received letters from relatives in Bohemnia alleging that the Czech and Polish troops shot down their officers, shouting "Down with Emperor William," "Down with Austria" and "Long live Russia." Some of the letters stated that the city of Prague was in hands of the mutineers for one whole day. The Austrians, however, having gathered reinforcements re-entered the city next day and indulged in reprisals. "Women and children were shot down and every Czech caught in the streets was killed," the dispatch stated. "Austrians pillaged the shops and destroyed the finest city monuments . These acts brought a new mutiny a few days later, which the Austrians finally overcame. Then they indulged in further outrageous reprisals. The Russian consul was executed, according to one report."

MEAT BOYCOTT CAUSES DROP.

Now Philadelphia Householders Plan General Low Price Crusade.

Philadelphia, August 21.—Meat dealers are reported to have been badly caught by the drop in the price of meat, which resulted from the refusal of many householders to purchase any of it at all until there was a decline in the market.

What has virtually amounted to a boycott of meat by hundreds of householders is expected to be repeated with regard to other foodstuffs, housewives deciding, in view of the abundance of fresh vegetables and fish and other forms of food at this season of the year, that less sugar, flour and similar commodities need be used.

Those in close touch with the market say that such a procedure, if generally adopted by householders, would soon bring to terms speculators and others who have hoarded up foodstuffs in anticipation of a great demand.

FAMILY AVOIDS SERIOUS SICKNESS

By Being Constantly Supplied With Thedford's Black-Draught.

McDuff, Va.—"I suffered for several years," says Mrs. J. B. Whittaker, of this place, "with sick headache, and stomach trouble.

Ten years ago a friend told me to try Thedford's Black-Draught, which I did, and I found it to be the best family medicine for young and old.

I keep Black-Draught on hand all the time now, and when my children feel a little bad, they ask me for a dose, and it does them more good than any medicine they ever tried.

We never have a long spell of sickness in our family, since we commenced using Black-Draught."

Thedford's Black-Draught is purely vegetable, and has been found to regulate weak stomachs, aid digestion, relieve indigestion, colic, wind, nausea, headache, sick stomach, and similar symptoms.

It has been in constant use for more than 70 years, and has benefited more than a million people.

JUSTICE AND LUNCHEON.

They Seemed to Clash a Trifle, So the Court Made a Change.

It was formerly the practice of the supreme court to sit from 12 noon until 4 o'clock continuously on each day that it was in session. From time to time, as the afternoon progressed, the justices, one or two at a time, would slip out of their seats, snatch a bite of luncheon and return. Sometimes as many as four or five of them would be off the bench at once. They usually had their luncheon brought to them by their messengers and ate it in the little curtained recess behind the bench, and as the argument progressed there could be plainly heard in the courtroom the clink of knife and fork on plate and what O. Henry has called "the crash of dishes on the American plan."

One day a lawyer pleading a case made bold to enter a protest. He most solemnly inquired if he could count upon the continuous and undivided attention of even one justice to the thread of his argument. "The personnel of the court has been twice entirely changed since I began," he said plaintively.

The court deigned no response, but on the following Monday it was announced from the bench that a recess for luncheon thereafter would be taken every day from 2 to 2:30 o'clock and that the court would sit until 4:30 o'clock every afternoon. — World's Work.

Had Trouble with Her Stomach.
"About four years ago I began to have trouble with my stomach and found it necessary to eat sparingly," writes Mrs. Bernice Wyandt, Lima, Ohio. "There was a dull and heavy feeling in my stomach after eating that was most uncomfortable. I was also annoyed by frequent headaches. After taking a number of medicines without benefit I got a bottle of Chamberlain's Tablets and found they were just the thing. Two bottles of them rid me of this complaint." For sale by all dealers.

Recovered from Lung Trouble—Now Insured
Insurance companies will not accept any one affected with Lung Trouble. When you know a man who has been afflicted and who later has been insured, such action means that the policy-holder must be in a very good state of health. Cases have been reported when Lung Sufferers, after taking Eckman's Alterative, a remedy for Throat and Lung Troubles, have successfully passed the medical test of insurance companies. Read this case:—
237 Dean St., Brooklyn, N. Y.
"Gentlemen: About a year and a half ago I noticed that my health was rapidly failing. I was troubled with night sweats, a severe cough and was very weak; having, in fact, absolutely no ambition whatever. About this time I consulted a physician, who told me my lungs were affected. Not satisfied I went to another doctor, who, after examining me, said that I was in the first stages of Lung Trouble. At this point I started to take Eckman's Alterative. The night sweats stopped almost immediately, my cough became looser and gradually disappeared. My weight is now 142 pounds and my physician has pronounced me perfectly sound—which, together with the fact that I have just been accepted by two different insurance companies for insurance, makes me sure of my entire recovery by Eckman's Alterative."
(Affidavit) W. E. GER.
(Above abbreviated; more on request.)
Eckman's Alterative has been proven by many years' test to be most efficacious for severe Throat and Lung Affections, Bronchitis, Bronchial Asthma, Stubborn Colds and in upbuilding the system. Contains no narcotics, poisons or habit-forming drugs. Ask for booklet telling of recoveries, and write to Eckman Laboratory, Philadelphia, Pa., for evidence. For sale by all leading druggists

POWERS' DEATH A MYSTERY.

Chicken Thieves May Have Murdered Him.

Winchester, Va., August 21.—Whether Phillip H. Powers, secretary and treasurer of the Clarke County Horse and Colt Show Association, whose dead body, with half of the skull blown away, was found near his home at Berryville, early yesterday morning, was killed by chicken thieves or whether he committed suicide was not established by the coroner's jury.

The jury brought in a verdict that Powers had met his death by a gunshot wound, whether accidental, self-inflicted or at the hands of another the jury is unable to say.

About 1 o'clock yesterday morning Powers and his son were awakened by a noise near the barn and went to investigate, as chicken thieves have been numerous this summer. They found no one. Later Mr. Powers went out alone and was not heard from until after daybreak, when a colored man employed nearby found his dead body near a fence with the top of the skull blown away.

BANK SURRENDERS CHARTER.

Will Discontinue Business After Being Open for Seventeen Days.

Pulaski, Va., August 21.—The Citizens' Bank, Inc., announced Tuesday that after having been open for seventeen days it would surrender its charter, and discontinue business. The funds received by the bank during its short career were turned over to the People's Bank of Pulaski with a list of the depositors, and the amounts will be refunded through this bank. The withdrawal of deposits and the failure of the people to appreciate the additional banking facilities offered are given by the officers as the reason for the suspension of business.

toe. Quit punishing your feet by using toe-eating salves and ointments.

To use knives, files, scissors and razors, slicing and hacking at a corn, only makes it grow faster and bigger. It also brings danger of bleeding and blood poison. The new way, the new principle never known before in corn history, is "GETS-IT." It's a liquid—2 drops on a corn does the work. Pain goes, the corn begins to shrivel and out it comes! You apply it in two seconds. Nothing to stick, nothing to hurt and it never fails.

Try "GETS-IT" tonight on corns, calluses warts or bunions.

"GETS-IT" is sold by druggists everywhere 25c a bottle or sent direct by E. Lawrence & Co. Chicago.

Mr. Joseph West and Master Charles West, are spending a week at Colonial Beach.

Favorite Remedy for Diarrhoea.

"About three years ago I had a serious attack of summer complaint. The doctor's medicine failed to benefit me so I sent for a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy upon the recommendation of one of my neighbors. One dose of it did me more good than all the other medicine I had used. I improved rapidly and in a short time I was well," writes Mrs. Mary Higgins, Peru, Ind. For sale by all dealers.
